THROUGH: RESURS MARKETING MANAGER

Dear Sir,

### LETTER OF RECOMMENDATION OF "RESURS NEXT" REMETALIZANT

The Nigeria Automobile Technicians Association, NATA, through this medium, wishes to confirm that your engine treatment product, RESURS NEXT, is an excellent remetalizant that works as prescribed and indicated.

However, we have tested the product on some cars, among them are three Toyota Camry 2.2 sedan, 1999 model; two Hyundai Elantra Sedan 2008 model; Honda Accord 2.0 Sedan; Volkswagen Golf 2.0, Estate car, and we found it effective and potent.

Therefore, we genuinely endorse and recommend it to our numerous clients and all motorists in Nigeria who are desirous of better quality maintenance and services of their motors.

And in addition, we have collectively resolved by our conviction and experience of the RESURS NEXT superior performance to collaborate and network with RESURS TEAM in making the product available to serve Nigerian motorists for the development and effectiveness of Nigeria auto-repair and maintenance industry.

Thanks

Comrade David Ajetunmobi  
National General Secretary  
08033023070

NATA is a professional body of all auto-repairers that operate small or medium scale auto-repair shops in the informal economy. Member include artisans without formal schooling and auto-technicians with formal training. Members constitute over 75% of all automobile workers in Nigeria with the following trade groups:- auto-mechanics, auto-electricians, auto-panel fixing and refurbishers, vulcanizers auto-body builders, welders and benders, auto-sprayer, blacksmith and other automobile workers.
